Scrubber dryers CA331

Performance plus flexibility giving you added value

CA331 is the smallest scrubber/dryer in the Nilfisk portfolio. It represents a unique combination of compact design, cleaning performance and drying efficiency. CA331 is compact in size, allowing it to clean under furniture and in those tight, congested areas where other scrubber/dryers can't even think of going. Yet, despite the small profile, the cleaning power is that of a far bigger machineand it offers efficiency, compactness, and value for money.

The practical answer for smaller area cleaning.

- · Easy to transport: machine weight only 22 kg
- Equipped with two brushes/ pads giving 15 kg of down pressure, to ensure real scrubbing efficiency
- Working both forwards or backwards, with terrific drying capability in either direction
- · Adjustable handle securing optimal working position
- · Foldable handle for easy transportation and storage

Wouldn't it be nice to be able to utilise the cleaning efficiency and productivity of a scrubber/dryer in smaller spaces? Well now you can, thanks to the CA331, one of the Nilfisk portfolio of value-adding floor cleaning equipment.
