

## Securing you clean floors in half the time

CA340 is light and portable, appreciated by most cleaning contractors and equipped with separate solution and recovery tanks for easy filling and emptying.

CA340 faster and more efficient than mopping.

- Twice as fast as mopping, removes the dirt instead of evening it out
- Unique design permits cleaning under tables and right to the edge of the wall
- Scrubbing and vacuuming in forward and reverse
- Adjustable handle securing correct working position
- Dual tanks for easy refill and emptying

CA340 is the smart alternative to mopping. An automatic scrubber/dryer leaving your floors spotless. There is no slippery residue and no aching back. The machine is perfect for maintenance of hard floors in small areas, e.g. stone, tile, cement, marble, rubber, vinyl, etc.
