

## Innovation in superior cleaning performance

The modular design not only allows flexibility to choose exactly what you need but it also makes the vacuum cleaner easy to maintain and service for years to come. When a cord is worn out or damaged, it can easily be replaced by a new cord module in no time, providing you with a machine that need never be out of service.

- A rated energy labelling
- Best in class sound quality
- Power boost function for optimized cleaning performance
- Available with detachable cord or cord rewind
- HEPA exhaust filter as standard
- Magnetic closing of dust compartment securing high reliability

The Nilfisk VP600 vacuum cleaner is a platform based, innovative vacuum cleaning solution. It offers great flexibility and a wide range of features to choose from. You can find exactly the variant that fits your specific cleaning job. Choose the cord solution that suits you and enjoy the user friendly design with smart parking of accessories for better ergonomics.

The dual speed function and low sound level makes the machine one of the quietest and environmentally friendly vacuum cleaners within the industry. It is ideal for daytime cleaning in hotels, restaurants, offices and institutions. HEPA filter is standard to ensure a clean work environment.
