

Small, light-weight and handy vacuum cleaners - ideal for small apartments

Nilfisk Coupé is highly manoeuvrable. It comes in a manageable lightweight, compact size. So it's very easy to get around with the vac and clean, as well as store it. Nevertheless, users still want the job done properly, and the 1550W motor will certainly help get the home prim and proper. In Europe the Coupe is equipped with the largest motor allowed - 1550W. It is strong enough to get the dust up effortlessly. The vac has a robust design as standard, robust enough to take the knocks. Nilfisk Coupé is simply a small and handy consumer vacuum cleaner that is more powerful than one might expect for its convenient size.

- Small and handy
- Easy to use
- Strong suction: 1550W motor for an excellent cleaning result
- Robust design: the well known Nilfisk quality Hard floor nozzle included as a bonus on top model

Nilfisk Coupé is great as a first Nilfisk for young people moving to their own home for the first time or for those who want the vac as "their second Nilfisk" upstairs or in a holiday home.
