

Health and safety as standard in a 2,2 kW industrial vacuum

Silent and light but offering excellent performances, model T22Plus is available in many different configurations: with M class filter or cartridge filter, with HEPA or ULPA absolute filter for the collection of very fine or hazardous dust, with 50 or 100 liters container, with solid cut-off system. The ATEX versions for Z21 and 2 are equipped with a stainless steel container and antistatic star filter. Mod. T22Plus is easy to use and is very ergonomic to meet the different requirements of the industries: cable holder, accessory box and vacuumeter (to check the filtering efficiency)

- manual or electric filter shaker version
- pulse jet cartridge filter cleaning version
- vacuumeter
- L or H class versions
- ATEX versions for Zone 21 and Zone 2
- plug with inverter
- solid cut-off system
- extractible container with castors and wheels
- Accessory box, cable holder and support for the hoses

Picture shown may not represent model quoted

TPlus range is TuV certified: these models can hold efficiently every kind of dust, even the finest. The ATEX certification grants the highest technological standard against the explosion risk in the working environment.
