

The most compact vacuum cleaner for automated applications

The VHW200 is the innovative 0,4kW industrial vacuum cleaner conceived to be integrated into the process machines for pharmaceutical, food, chemical and laser applications. The compact design makes it the best solution when a small space is available. The HEPA14 filter retains the finest dust ensuring the highest filtration performances.

The new container and lid locking systems allow an easy removal and emptying of the container for maintenance operations.

- GMP conformity for pharmaceutical, food and chemical applications
- Compact design
- Silent
- Absolute filtration for very fine dust
- Stainless steel version
- Easy to use

The new industrial vacuum designed to be placed in extremely small spaces.
