

A versatile, high-performance unit for demanding day-in/ day-out vacuumings

Similarly, for daily maintenance cleaning the vacuum must be one that you can rely on. The essential requirement is a unit that will go on cleaning powerfully and quickly, day-in and day-out. The IVB 961-01 is more than up to the task, for both spills and maintenance cleaning – even in the toughest conditions. Thanks to the 38 mm standard equipment the IVB 961-01 is a "Plug & Play" ready to use machine.

- Two motor industrial performance
- Washable PET Fleece, big surface filter for high efficiency and low maintenance costs
- Push & Clean filter cleaning system for high efficiency
- Stainless steel tiltable and removable 70 L container for easy handling and disposal
- Complete package with 38 mm accessories with stainless steel tubes and 400 mm wet&dry floor nozzle
- 10 meter cable for a large working radius
- Applicable for wet & dry pick up by reliable floating system
- Robust fleece filter bag standard

Whether it's a factory floor or warehouse loading dock, when spills happen they need to be cleaned quickly and effectively. Apart from the mess, unattended spills can create a hazard that can prove both dangerous and costly.
