Model VHC200 is compact and ergonomic so it is perfect to be moved everywhere in the production areas, even on tough grounds. The big wheels and the handle ensure fast and easy movements, while the container mounts castors and a practical handle allowing a simple lifting and emptying of it. An excellent filtration is granted by the large star filter and in case of very fine or hazardous dust the upstream HEPA absolute filter is available. The vacuumeter monitors constantly the filter efficiency and the filter shaker allows to clean it in a very fast way. ATEX versions for zones Gas 1-2 and Dus 21-22 are available.
