

High performances in compact dimensions

The VHW210 is the innovative 0,85kW industrial vacuum cleaner conceived for automated applications in pharmaceutical, food, chemical and laser sectors, thanks to the compact dimensions.

The optional HEPA14 filters - both Upstream and Downstream - make it suitable for collecting the very fine dust while the Z22 version has been designed to be used in ATEX applications.

The new container and lid locking systems allow an easy removal and emptying of the container for maintenance operations.

- GMP conformity for pharmaceutical, food and chemical applications
- Compact design
- Continuous duty (24/7)
- Explosionproof ATEX version
- Silent
- Absolute filtration for very fine dust
- Stainless steel version
- Easy to use

The new industrial vacuum designed to ensure the highest performances when small spaces are available.
